

Subscriptions 2027

Girlguiding Ulster

Thank you for your continued support and dedication to Girlguiding Ulster.

Dear volunteers,

Every year, membership subscriptions help Girlguiding provide amazing opportunities for girls and support the volunteers who make guiding possible. Thank you for everything you do.

From 2027, Girlguiding UK is introducing a new subscription model. Adult volunteers will no longer pay an annual subscription. Instead, unit invoices will be based solely on the number of young members.

This means the Girlguiding Ulster levy per young member will increase. However, this does not mean Girlguiding Ulster is receiving more income. The overall amount we collect remains the same - the cost is simply being shared across fewer people.

For most units, the total amount they pay is expected to stay broadly similar, and some may even pay less.

A small number of units may experience an increase. Girlguiding UK will provide financial support to the units most affected by the change, with eligible units receiving this automatically.

A subscription calculator will be available from Girlguiding UK to help units estimate their invoice and plan ahead.

Did you know you can claim Gift Aid on subscriptions? More information can be found [here](#).

You can also find guidance on budgets, account records and year-end management [here](#).

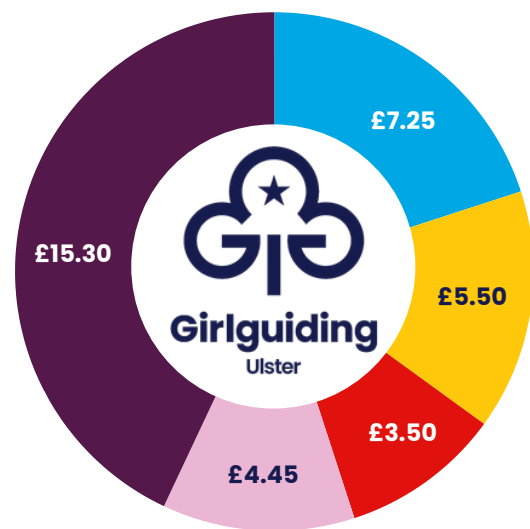

If you have concerns about paying your unit's subscription invoice, please contact your local commissioner for support.

Thank you, as always, for everything you do.

Elaine Doran

£36.00

GGU cost per young member

- Support for girls and volunteers
- Investing in our future
- Charity infrastructure and promoting Girlguiding
- Keeping girls and volunteers safe
- Girl voice

Girlguiding UK
membership subscription
£46.50

The breakdown of Girlguiding UK's subscription levy can be found on their website [here](#).

Some counties and districts will also set a levy. Along with the GGUK and GGU levy, this makes up the full subscription you pay annually in February.
